One of the best family doctors is a two or three quart rubber hot water bag; can be kept in the house and does not have to be sent for when any member of the family is ill. If you have a cold go to bed with it; if a headache, apply hot to the nape of the neck; for any pain, anywhere, apply it to the spot; and it is nice to have at the feet when going on a long journey upon a very cold day.

When Emerson Cooper opened up his brother's store on Thursday morning he noticed shoes and clothing scattered around in disorder. Investigating further he found the back door had been broken open and some person had evidently entered during the night or early morning. An examination of the goods showed that a suit of clothes, a pea-jacket and pair of shoes were missing. The guilty party is not known.

The Lake St. Clair & Erie Ship Canal Company has been organized at West Superior, Wis., to build a canal from Lake St. Clair to Lake Erie, thus avoiding the Lime Kiln crossing and other dangerous places, and shortening the route to Buffalo 100 miles. The stockholders include some of the prominent men at the head of the lakes, also capitalists of the Twin Cities, Chicago and the East. D. F. Henry, of Detroit, is chief engineer of the company and W. C. Porter, of Minneapolis, is treasurer. This canal, if built, will leave Detroit off the route of vessels passing between Lakes Huron and Erie.

On Tuesday evening while Mrs. Caroline Holden was taking care of and amusing her little grand child Freda, (John and his wife having gone to church), a rap was heard at the door and as Mrs. Holden answered the rap she was surprised to see her children, loaded with oysters and other good things, walk in two by two until seven fair sons and daughters stood before her. Of course Mrs. Holden knew it was her birthday but how did they know? Evidently they did know and were all there, except Jesse and his wife of Brown City who were unable to be present, to celebrate her 55th birthday which they did right royally no doubt, as they are a jolly lot when all together.

The editor of the Times-Press of Bay City, gave Sam Bettes such a dressing down in his paper as he will remember for several years. Bettes attacked the editor from the pulpit and when the newspaper replied there wasn't a feather left on Samuel. A pile driver blow would be a love tap compared with it.—Port Huron News.

The stock of general hardware formerly owned by Francis & Mapes, was sold on Wednesday by William Gowan, assignee. Brophy & McLeod, of Richmond, were the purchasers, the price being 64¢ cents on the dollar. Representatives of creditors were present and put in bids on the stock. Messrs. Brophy & McLeod expect to continue business at the old stand and have opened the store to the public.

Wednesday was St. Valentine's Day, as we have no need to tell the young people, who look forward to this day a long time before. The custom of sending pretty valentines to friends, as tokens of affection, is as old as the hills and a sweet and quaint custom, but when it comes to the sending of penny comics, the day loses all its attractiveness and one would rather see it abolished. Don't send those horrible caricatures to wound the feelings of friend or foe.

They met by chance in the waiting room of a railway station. "My friend," began the man with the valise full of tracts, persuasively, "have you ever reflected on the shortness of life, the uncertainty of all things here below and the fact that death is inevitable?" "Have I?" replied the man in the shaggy overcoat cheerfully, "Well, I should reckon! I'm a life insurance agent!" "Ah—um—looks as if we were going to have more snow, doesn't it?" said the other, locking his valise again with a snap.

Many of our readers are well acquainted with Georgina Mitts, of Port Huron, who has often visited in Yale. Her sister Alma, died on Monday night from the effects of an overdose of chloroform, a drug which she was in the habit of taking. Her horrible death was not discovered until morning. Miss Mitts was a teacher in Port Huron schools and was a very popular and well beloved young lady, whose taking away in such a sudden and terrible manner will be greatly felt. It has been gathered from later information that Miss Mitts did not inhale chloroform on the night before she died, but her death occurred from heart disease. Deceased was a cousin of Mrs. W. H. Palmer, of this place and had visited here.
